Story:

On the weekend before Jurassic Park opens, the billionaire developer of the island, John Hammond, invites several scientists, his lawyer and his grandchildren to tour the island theme park whose main attraction are cloned dinosaurs.

Disaster strikes when the park's computer systems fail releasing the dinosaurs to chase down humans for a feeding frenzy.

In the nick of time, Grant and Ellie, Malcolm and Hammond, and the children are whisked away in a helicopter to safety.

---

Everyone's goal: to stay alive in one piece.
