

Actors:

- a) Dr. Alan Grant - Paleontologist, 30ish, intensely focused on his work. Ragged looking and used to roughing it after long stretches in the desert digging up dinosaur bones. Doesn't like kids, which is a problem for his girlfriend/partner Dr. Ellie Sattler.
- b) Dr. Ellie Sattler - Paleontologist, late twenties, athletic looking. Ambitious and impatient, she also has her domestic side -- obviously in love with Grant, she wants to marry him and have children.
- c) John Hammond - Seventyish, visionary entrepreneur. Forceful, energetic and sprightly. He walks with a slight limp and cane which might be only for show. He conceived and built Jurassic Park.
- d) Tim - Nine year old grandson of Hammond. Smart and a non-stop talker. He's a major dinosaur enthusiast and Dr. Grant is one of his heroes.
- e) Lex - Twelve year old granddaughter of Hammond. A bit of a tomboy, fancies herself a computer hacker.
- f) Dr. Ian Malcolm - Mathematician, "Chaotician" - Hipster dresser -- all black clothes, sunglasses, snakeskin boots. Believes that the interaction of systems on JP and the unknowns of bioengineering are too complex and therefore are bound to fail. Attacked by the Rex, but survives with a severely injured leg.
- g) Ray Arnold - Operations Manager - Fortyish, chronic worrier and chain smoker. He doesn't get enough exercise. Killed in the maintenance shed by Raptor while trying to restore power to the Park.
- h) Robert Muldoon - JP's Game Warden. Powerful and authoritative, Fortyish. Killed by Raptors in the Jungle while trying to turn The Park's power system back on.
- i) Dennis Nedry - Computer Programmer - Late thirties, big and heavysset. He's fond of sweets and pornographic video games and always wears a goofy grin. Programmed all computer systems on JP and sabotages the system while trying to smuggle dinosaur embryos off the Island. Killed by a Spitter when his car runs off the road in the Park.
- j) Donald Gennaro -
